Minor: 18 hours of Journalism
Senior Status

EXPERIENCE:

August 2008 – December 2008

Intern:

Tennessee Tech University Office of Public Affairs, Cookeville, Tenn.

www.morethantech.org and Tech's new web site, currently in development
The Office of Public Affairs provides coordination and support for the University's communication and enhances its recognition and image through the media.

- Worked directly with the Web and Digital Media Director, Graphic Artist and Publications Director to update and maintain content and copy throughout the More Than Tech web site
- Implemented Student Profiles section, coordinating and conducting interviews with students across campus

May 2008 – August 2008

Web/Graphic designer:

American Welding & Safety Supplies, Nashville, Tenn.

www.awss.us

This welding supply company is a major supplier to industrial and manufacturing businesses located throughout the entire Tennessee Valley.

- Worked with owner and systems manager on initial design concept and development of web site

- Suggested possible logo design to replace initial logo
- Designed and created mockups
- Developed and implemented web site from start to finish

April 2008 – September 2008

Web/Graphic Designer:

Tennessee Tech University's Governor's School for Information Technology Leadership, Cookeville, Tenn.

www.tntech.edu/govschool

The Governor's School for IT Leadership is a five-week summer residence program that provide high school students with opportunities to develop their skills in IT and business leadership.

- Worked with the Director through entire design and development process, offering suggestions and ideas
- Designed and created mockups
- Implemented web site from initial ideas and sketches to final launch

July 2007 - Present

Web/Graphic Designer:

Faith Missionary Academy and Bible Institute, Gruetli Laager, Tenn.

www.faithmissionaryacademy.com

Outreach ministry of Faith Missionary Church, established in 1970s, provides/offers K-12th grade academic education, homeschool assistance, adult diploma program, and bible college degrees.

- Worked with the Director and Dean to design and develop web standards-web site, providing way for potential students to learn more about academy's programs
- Created branding and identity, including academy seal and logo
- Continue to provide web site maintenance

June 2007 – August 2007

Web/Graphic Designer

Greg Danner, Cookeville, Tenn.

www.gregdanner.com

This web site for professor of music and composer Greg Danner shows off his many works.

- Worked directly with the client to design and develop web site
- Organized catalog of works
- Designed and optimized graphics
